

2019
Conference & Member Meeting

Sponsorship and Marketing Opportunity

International Log Builders' Association 45th Annual Conference

Sept. 16 -22, 2019
Bad Wildbad, Germany

The conference proceedings, along with our Trade Show and Sponsor Exhibition, will be held at the Kurhaus, Bad Wildbad, September 20-22, with many accommodation options within a short walking distance.

Pre-conference courses, will be held September 16-19 at a nearby venue, also in the Black Forest, just over an hour's drive away, in Seelbach Germany. Here, at the Schwarzwälder Hof, we will be hosting multi-day workshops for both beginners and advanced Log Builders.

The background of the entire page is a faded, sepia-toned photograph of a person in a white shirt working on a log building structure. The person is leaning over, and their hands are near a large log. The scene is outdoors, with other logs and building materials visible in the background.

What is the International Log Builders Association?

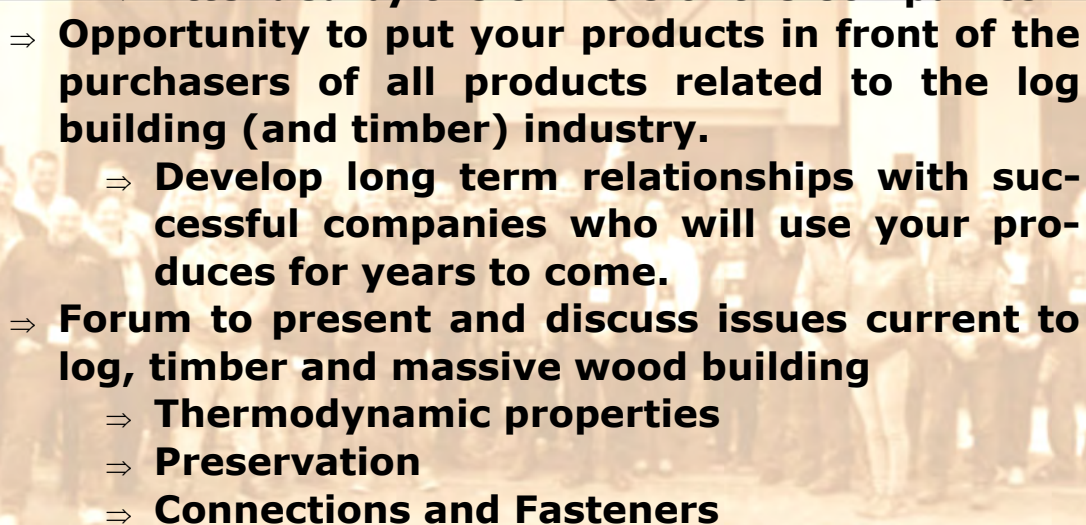

Founded in 1974, the International Log Builders' Association worldwide organization dedicated to furthering the craft of handcrafted log building, the advancement of log builders and to the promotion of the highest standards within the trade. The ILBA represents hundreds of builders, suppliers and related industry companies and individuals throughout the world.

In addition to an annual conference, the association writes and distributes educational materials on log construction to individuals, institutions and industry. In addition, the association provides educational services related to the craft of log building, develops and disseminates educational material and programs related to the craft, manages trust funds for scholarships and educational programs for those pursuing further training or a career in log building.

The Association also partners with other Industry Associations and Code agencies to ensure the highest quality research into the benefits and challenges of log and mass timber structures.

Benefits of being a Sponsor of the International Log Builders' Association Conference

- 
- ⇒ **First ever Conference outside of North America**
 - ⇒ **Great Location in the Black Forest accessible to a wide range of attendees.**
 - ⇒ **Attracts many of the top log builders in the world**
 - ⇒ **Attended by the Owners of the Companies**
 - ⇒ **Opportunity to put your products in front of the purchasers of all products related to the log building (and timber) industry.**
 - ⇒ **Develop long term relationships with successful companies who will use your products for years to come.**
 - ⇒ **Forum to present and discuss issues current to log, timber and massive wood building**
 - ⇒ **Thermodynamic properties**
 - ⇒ **Preservation**
 - ⇒ **Connections and Fasteners**
